

## Attijariwafa bank offers its corporate customers the possibility to pay their vehicle taxes and axle taxes online.

**Casablanca, 17/01/2021** - As part of its digitalization strategy and ongoing efforts to improve customer experience, Attijariwafa bank innovates and now offers its corporate customers the possibility to pay their vehicle taxes and axle taxes in bulk on its web platforms Attijaricib.com and Attijarientreprises.com.

This new service provides companies with a simple, fast and optimal way to settle all of their fleet's vehicle taxes and axle taxes at the same time, with secure real-time processing and access to receipts and payment history.

«This bulk payment service is part of a roadmap aimed at constantly enhancing our digital flow management solutions. Our objective is to deliver high value to the payment ecosystem in Morocco and an optimal experience to companies wishing to accelerate and dematerialize the processing of their simple and recurring payment transactions,» says Adil Katata, Head of Payments & Cash Management and Corporate Payments at Attijariwafa bank.

Through these digitalization efforts, Attijariwafa bank provides its corporate customers with a reinvented digital banking experience that meets their expectations.
